

Bible Passage: Luke 19:1-10

Main Point: God sent Jesus to seek and save the lost.

Craft: There are many different ways to make a tree. Here are some ideas

- draw a tree trunk and then use paint and finger prints to make the leaves.
- Blow up a small balloon and do paper mache by layng newspaper strips covered in glue all over the balloon. Do a number of layers. Do the last layer in green tissue paper. When dry you can sit it on top of a cylinder. (Tree trunk)
- Curl green paper strips around a pencil to make green curls and glue them to a page with a tree trunk.

The children can then write the Main Point and add a picture of Zaccheus and Jesus.

Activity: Make a lego model of a tree. Put a figure sitting in the tree (Zacchaeus) and another figure (Jesus) standing at the base of the tree.
