- Stop and Go Game: (The “Controller’s” power in this game reminds us that God had the power to free the Israelites)

One person is the “Controller” and stands at one end of the playing field.

The remaining players stand at the other end of the playing field in a line facing the “controller”

When the controller turns their back to the players they move towards the “Controller, however they must stop if the Controller turns to face them.

If the controller sees any players moving they send them back to the beginning.

The aim of the game is to be the first person to touch the Controller.

Why do you think the Israelites wanted to leave Egypt?

Why do you think God sent the 10 plagues on Egypt?

How did God show that he is the BFG (Big Faithful God)?

What promise did God keep?
