

**Week 4****Main point: Creation is completely in the hands of the creator**

*Pray- Ask God to help you understand him better and to concentrate for the study.*

- *Read Hebrews 4:13*

**Understand:**

- 1) Can God only see some things that humans do on earth? Why do you think that?
- 2) What does it mean that we must give account to God? How does that make you feel knowing that God sees everything?
- 3) If nothing on earth is hidden to God do you think his creation is completely in his control? Why do you think that?

**Live out:**

- 4) What are some ways you can remember that creation is completely in God's control?
- 5) How should we be living in light of knowing that God sees everything we do, think and feel?  
(remember that if we trust in Jesus we are saved and nothing we do can change that)

**Equip:**

- 6) Nervous Nelly worries about getting good grades, worries about what people think of her and is always scared about what the future will be like. What can you remind nervous Nelly of?
