## Voluntary Student Activities of a Religious Nature in School

Dear Parent/Caregivers

A few students at Henry Kendall High School voluntarily participate in a religious group, which meet on Wednesday at lunchtime. In accordance with Department of Education policy, visiting group leaders undergo all appropriate child protection checks and practices and the content of the activities is monitored. The lunchtime meetings are conducted by EV Church for students in all years who wish to learn more about Christianity.

The Department of Education policy now requires parental permission for students who participate in voluntary student activities of a religious nature in schools. Before participating or continuing in the meeting a student must present the tear-off permission slip signed by a parent or carer to the front office. A roll will be maintained from the signed permission notes.

Yours faithfully

Andrew Backhouse  
Principal

28 February 2022

*(Please sign and return to the front office)*
